

Innocité: Diagnosis tool

Target groups

Policy maker; civil servants / administration; planner; specific institutions

Area of application

SMESTO in the functional area of the nearby metropolis.

Time frame

The tool requires data between 1991 and 2007, but could/should be upgraded with new data.

Keywords

regional analysis, tool, benchmarking

Accessibility

Accessible on the project web site.

Transferability and re-usability

Can be used for other SMESTOs in the functional area of the metropolises; analysis would be useful if the same analyses would be made for other SMESTOs as well so to enable comparison/benchmarking.

Sector policies addressed

spatial planning, spatial development, economic analysis
