

Innocité: Guidelines Volume 2

Target groups

Policy maker; civil servants / administration; planner; specific institutions

Area of application

The governance proces is presented in a way that could be used in every single location in the Alpine Space and beyond (taking in mind specificities of a single location).

Time frame

The model is generalized and thus it is not linked to a certain time frame.

Keywords

participatory process, governance, strategic planning, visioning

Accessibility

Open access to the report via project web-site.

Transferability and re-usability

The method could be used widely in all possible alpine regions (being addequately adapted to the specificities of the area). Some descriptions are rather general and thus some users might not have sufficient information for the implementation of the process.

Sector policies adressed

The model addresses general regional planning topics (economy, society, space/environment) and is not sector specific although similar steps could be used also for a sector specific planning endavours.
